

BEREC Work Programme 2018

Johannes Gunzl, BEREC Chair 2018
18 October, Stakeholder Forum

Body of European Regulators
for Electronic Communications

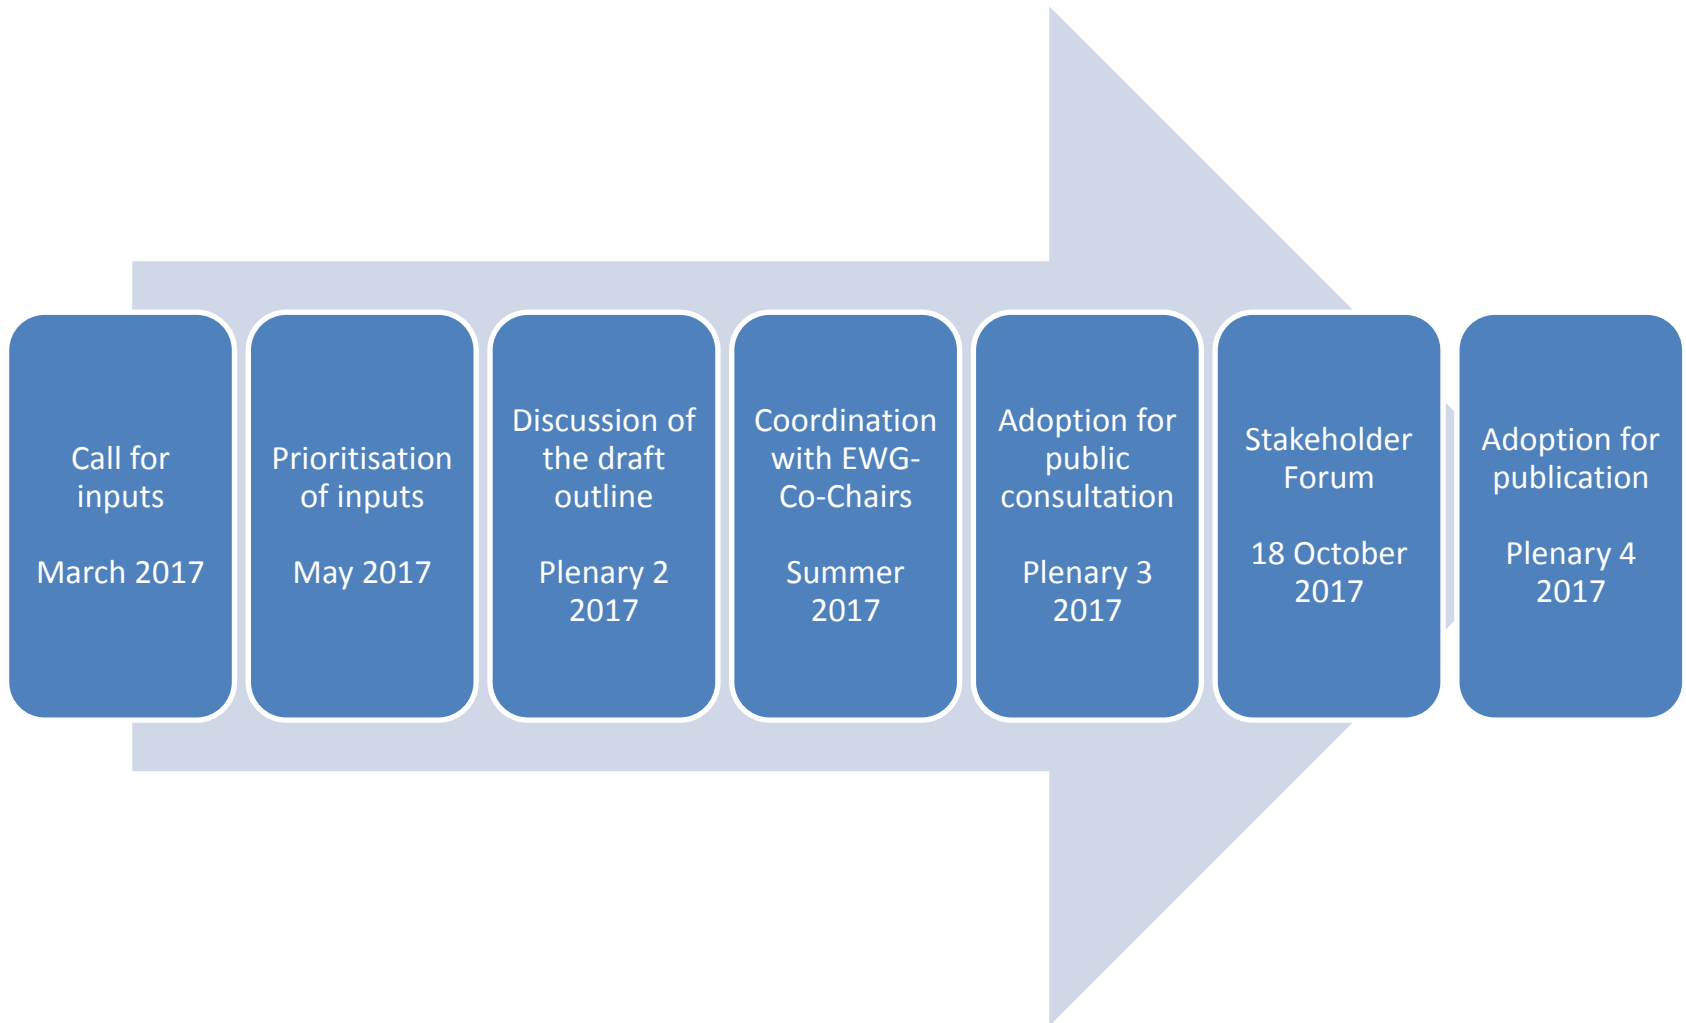

BEREC

The logo for BEREC (Body of European Regulators for Electronic Communications) features the word "BEREC" in a bold, sans-serif font. The letters "B", "E", "R", and "E" are blue, while the "C" is maroon. A blue curved line starts under the "R" and sweeps under the "C".

Fundamentals for 2018

- BEREC Mid-term strategy: A strong basis for the 2018 WP
- Focus area 2018: Proactively tackling the 5G challenges
- Harmonisation: promoting the single market
- Enhanced engagement with stakeholders

Destination 2018 – the long march

BEREC Mid-Term Strategy 2018-2020

3 overarching objectives

**Promoting competition
and investment**

**Empowering and
protecting end-users**

**Promoting the
single market**

- Responding to connectivity challenges and to new conditions for access to high-capacity networks
- Monitoring potential bottlenecks in the distribution of digital services
- Enabling 5G and promoting innovation in network technologies

BEREC
WP

- Fostering a consistent approach of the net neutrality principles
- Exploring new ways to boost consumer empowerment
- BEREC Obligatory Work and Stakeholders Engagement

Nr	Title	Output	Timing
1.1.	Report on access to physical infrastructure in market analysis	Report	Plenary 4
1.2.	Report on pricing for access to infrastructure and civil works	Report	Plenary 3
1.3.	Report on geographical market definition	Report	Plenary 4
1.4.	Benchmarking on technical and economic replicability assessment in the context of symmetrical access	Report	Plenary 2
1.5.	Report on the L2WAP/advanced bitstream offers for undertaking (M4)	Report	Plenary 2
1.6.	Update on Common Positions market 3a, 3b and 4	Workshop	TBD
2.1.	DATA Economy	Report	Plenary 3
2.2.	Location of the network termination point	Report	Plenary 3
2.3.	IoT Indicators	Report	Plenary 3
3.1.	5G, IoT and security	Workshop (in cooperation with ENISA)	Plenary 1
3.2.	Best practices report regarding authorization and award procedures with a view to 5 G	Report	Plenary 3
3.3.	Infrastructure and spectrum sharing	Report	Plenary 2
3.4.	Best Practices report on coverage with a view to 5 G	Report	Plenary 4
3.5.	Follow-up work on monitoring mobile coverage	Common Position	Plenary 2

Nr	Title	Output	Timing
4.1.	Tender Specification for the development of a net neutrality measurement tool	Tender Specification	Plenary 1
4.2.	Implementation of NN Regulation	Report	Plenary 4
4.3.	Net neutrality - Input to an Evaluation	Input to the Review of the TSM	Plenary 4
5.1.	Report about change of termination of contract and switch of provider	Report	Plenary 4
5.2.	Report on best practices for ensuring equivalence of access and choice for disabled end-users	Report	Plenary 1
5.3.	Report on contractual simplification	Report	Plenary 3
5.4.	European Benchmark of the pricing of bundles	Report	Plenary 2
6.1.	Ad-hoc work - contribution to review and e-privacy	Input to Review	TBD
6.10.	Development of Open data platform	Development of a platform	Plenary 1
6.2.	Ad-hoc work: Inputs to the EC	Input to Review	TBD
6.3.	International Roaming BEREC Benchmark data Report	Report	Plenary 1
6.3.	International Roaming BEREC Benchmark data Report	Report	Plenary 3
6.4.	Transparency and Comparability of roaming tariffs report	Report	Plenary 4
6.5.	Input to the EC on weighted average MTRs	Input to EC	Plenary 3
6.6.	Termination Rates at European level	Report	Plenary 2
6.6.	Termination Rates at European level	Report	Plenary 4
6.7.	Regulatory Accounting Report	Report	Plenary 4

Tackling the 5G challenges

BEREC proactively tackles upcoming challenges and supports the consistent deployment of 5G in Europe

A variety of projects addresses 5G hot topics

- 5G / IoT and network security
- Coverage obligations
- Award and authorisation procedures
- Infrastructure sharing
- Net neutrality input to an evaluation

Close cooperation with relevant institutions

BEREC promotes the single market

BEREC develops consistent regulatory practices accross Europe through

- publishing best practice reports and common positions
- monitoring and benchmarking
- exchanging on ongoing net neutrality and roaming procedures between NRAs
- agreeing on IoT indicators to collect data
- working on a single European contract information sheet

Enhanced engagement with stakeholders

BEREC plans more public consultations and involvement of stakeholders at different stages of the process

Two-stage public consultation

- exploring different aspects of „data“

More interactive exchange with stakeholders

- by using an interactive consultation tool

Engagement with European and international institutions

- by reaching out to new partners
- strengthening existing partnerships

BEREC contributes to the Review

BEREC has actively contributed to the Review process from an early stage and will continue to do so

BEREC strongly supports

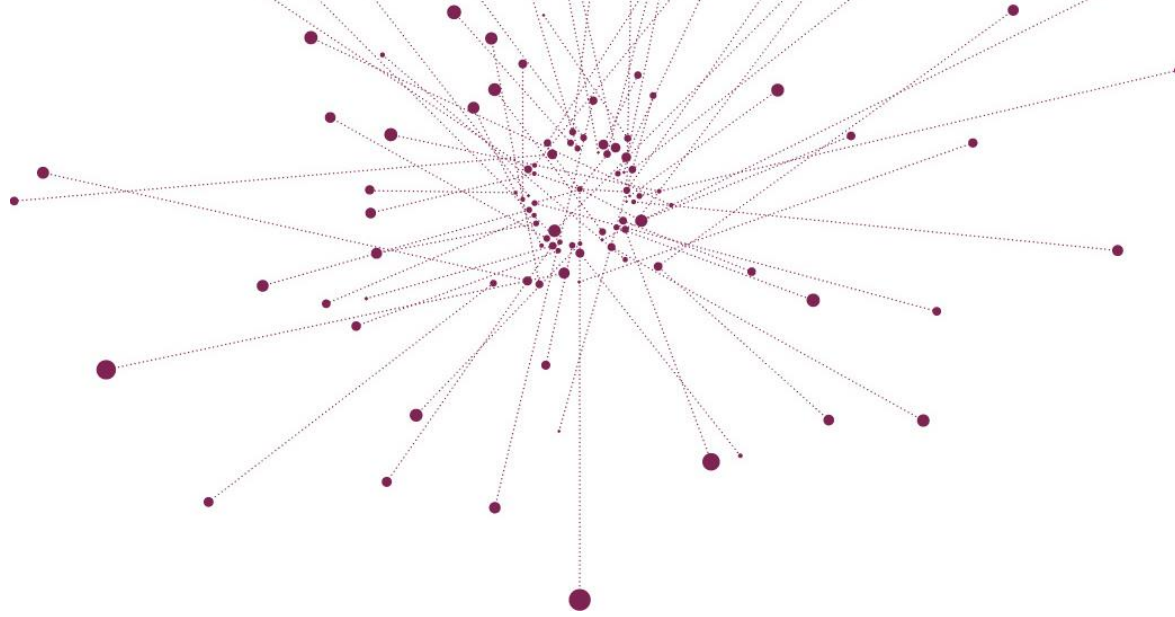

- the connectivity objective and the Gigabit society ambition set by the Commission
- that NRAs should have an important role to play in relation to market shaping aspects of spectrum allocation
- a common set of competences to ensure the consistent application of the framework

Public consultation from **11 October to 8 November 2017**
