

AGREEMENT

BETWEEN THE ADMINISTRATIONS OF

AUSTRIA, THE CZECH REPUBLIC, HUNGARY AND

THE SLOVAK REPUBLIC

CONCERNING THE APPROVAL OF

ARRANGEMENTS BETWEEN OPERATORS OF

RADIOCOMMUNICATIONS NETWORKS

12. 12. 2001

1 Preamble

This Agreement concluded between the Administrations of Austria, the Czech Republic, Hungary and the Slovak Republic within the framework of the "Vienna Agreement (Berlin 2001)" is a supplement to the "Special Agreements" concerning the use of the frequency bands.

All relevant information concerning the operators for which this Agreement is applicable is given in the Annex.

This Agreement lays down the provisions concerning the approval of arrangements between the operators of radiocommunications networks by the Signatory Administrations.

The aim of these arrangements between operators (see §1.3.7 of the "Vienna Agreement, Berlin 2001") is to ensure a more efficient spectrum utilisation for the situation prevailing at the common frontier, and to reduce the amount of administrative effort.

2 Scope of the arrangements between operators

All arrangements between operators of radiocommunications networks exceeding the scope of the pertinent "Special Agreements" are subject to the approval of the Signatory Administrations.

The arrangements relate to deviations from the provisions laid down in the "Special Agreements".

3 Procedure

3.1 Each operator of a radiocommunications network shall submit to its respective administration the outcome of the arrangements along with its application for approval.

3.2 Each administration shall transmit its approval to the affected administrations.

3.3 Each administration affected shall indicate its comments to the requesting administration.

3.4 The applicant shall be informed of the decision (approval, modification or rejection of the application) that has been taken on the basis of the administrations comments. A copy goes to each of the administrations concerned.

4 General provisions

4.1 The arrangements negotiated within the framework of this Agreement shall only take effect after the operators concerned have obtained the approval of its respective administration.

4.2 Operators may negotiate arrangements which concern only the common part of those frequency bands in respect of which they have been granted the approval for the installation and operation of a radiocommunications network by the Signatory Administration without affecting the rights of non-involved third parties.

4.3 Approved arrangement between operators shall become invalid if:

- the operator loses its licence for the installation and operation of the network or the licence is changed
- the relevant network has ceased operation
- the "Special Agreement" is annulled or revised; in such a case, transitory provisions shall be negotiated between the administrations concerned
- interference still occurs which cannot be eliminated by mutual consent of the operators; in this case the arrangement becomes invalid only in respect of the base station(s) concerned.

4.4 The operators are not allowed to negotiate any arrangements with representatives of foreign telecommunications authorities.

5 Revision

With the consent of the other Signatory Administrations, this Agreement may be modified at the request of one of the signatory administrations where such a modification becomes necessary in the light of administrative, regulatory or technical developments.

6 Withdrawal from the Agreement

Each Signatory Administration may withdraw from the Agreement subject to a 6 months period of notice. A declaration to that effect shall be addressed to the handling administration of the „Vienna Agreement (Berlin 2001)“.

7 Language of the Agreement

The original text of this Agreement exists in English and is retained at the handling administration of the "Vienna Agreement (Berlin 2001)".

8 Date of entry into force

This Agreement enters into force at the date of its signature.

9 Revocation of previous Agreements

At the same time, the "AGREEMENT BETWEEN THE TELECOMMUNICATIONS AUTHORITIES OF AUSTRIA AND THE CZECH REPUBLIC CONCERNING THE APPROVAL OF PLANNING ARRANGEMENTS BETWEEN OPERATORS OF PUBLIC CELLULAR MOBILE RADIO COMMUNICATION NETWORKS", (1.6.1997) shall cease to be effective.

At the same time, the "AGREEMENT BETWEEN THE TELECOMMUNICATIONS AUTHORITIES OF AUSTRIA AND THE SLOVAK REPUBLIC CONCERNING THE APPROVAL OF PLANNING ARRANGEMENTS BETWEEN OPERATORS OF PUBLIC CELLULAR MOBILE RADIO COMMUNICATION NETWORKS", (15.1.1997) shall cease to be effective.
